

GREEN WONDER

All-in-One
Waterless Wash, Polish & Sealer

ECO-GREEN WATERLESS WASH WITH AN ACRYLIC POLYMER FINISH

- **GREEN WONDER** contains a blend of four Acrylic polymers which bond to the paint to provide a tough, deep finish.
- Wetting agents combine to clean dirt and grime, leaving your vehicle with the ultimate showroom shine.
- Quality polymer sealants are noted for their ability to offer long-lasting protection than traditional carnauba-based waxes at a fraction of the cost.
- **GREEN WONDER** provides a bonded layer of protection against any remaining abrasives up to six months.
- Once applied to your vehicle, all you need to do is wipe down with a wet towel to keep the shine between applications.
- **GREEN WONDER** Benefits:
 - ✓ polymers protect your paint against scratches
 - ✓ UV protects your vehicle from fading in the sun
 - ✓ relentless water beading for months
 - ✓ glides off & on all painted, chrome & glass surfaces
 - ✓ environmentally-friendly water-based product

TO APPLY GREEN WONDER SIMPLY
SPRAY - WIPE - BUFF

MADE IN THE USA

Every time a vehicle is washed with water between 100-200 gallons of drinking water is wasted and contaminated. With Green Wonder there is no need for water, helping save the environment.
